1.3 Message	<p>Ronald Noble,</p> <p>First of all... You are a lazy corrupt Greek, who collaborates with dictator mr Luis Moreno Ocampo of the International Criminal Court.</p> <p>You assist ICC in torture & murder on EU-civilians who start an ICC-lawcase against EU-leaders. You try to murder me, so nobody will discover HOW criminal you personally are.</p> <p>Second, the arrest-warrant against Kadhafi is a dictator-act on behalf of the UN, EU & ICC. Libya is not a statemember of the Statute of Rome, and can't be put on ICC-trial.</p>
